# eServices Suite

## Connect with Court Partners and Your Community

The eServices Suite allows you to extend access to justice to your court partners and community members, all in a highly configurable environment.

Keep cases moving efficiently by setting parameters, and then allowing your stakeholders to easily access, file, pay online, and more. Our eServices Suite is a collection of integrated applications that work individually or together.

**Community members and justice partners will appreciate:**

- **eAccess:** Secure electronic access to information about public records and scheduled events.

- **ePayments:** Fast online payments, configurable for court payments, fees, surcharges, and more.

- **JusticeFiling**: Electronic court document submission for attorneys, self-represented litigants, and other agencies.

- **eMarriage:** Online, mobile friendly marriage license application with the ability to schedule a court appointment.

- **eScheduling:** Allow the public to schedule events online and set appearance date according to their schedule.

### KEY FEATURES:

Access for Community to self-help will increase your team's productivity

Control access and rules at every level

Securely register and authenticate users

Create unique role driven portals for specific user groups

Eliminate unnecessary paper

Build your own pages, panels, tools, help text, links, and more
